Evidences of His Success while on Puget Sound

[From the Morning Herald

We notice the return of Dr. Aborn who has been paying a professional visit to the Sound country where he has performed a great number of miraculous cures and operations, The Olympia *Transcript* speaks of him in the following terms "We call attention to the cards in to-day's paper, in reference to the treatment and skill of Dr Aborn. He has been on the Sound but a few weeks but in that time he has given such great benefit to many of our citizens that it is particularly worthy of note "

MIRACULOUS CURE.

John L Clark, of Olympia, who has been so severely afflicted for years and considered hopeless, is now fast regaining his health under the treatment of Dr Aborn The following is Mr Clark s statement concerning himself

TO THE PUBLIC

For two years I have been severely afflicted with Catarrh Throat, Bronchial and Lung Disease and Ulceration of the Stomach Have been treated by sixteen different physicians without any benefit; expended over $5,000 had been given up to die. Two weeks ago I placed myself under the care of Dr Aborn and to my great joy and surprise I have improved wonderfully which all my friends can readily see I can now eat and relish my food and my stomach is healed. Have gained wonderfully in strength and flesh, and I now confidently enter tain hope that under Dr Aborn s skillful treatment, shall be entirely cured

ANOTHER REMARKABLE CURE.

[From the Olympia Tribune

Elsewhere in our Local columns will be found a letter from Mr John L Clark, testifying to the professional skill of Dr Aborn Read it Mr Clark is among the best known of our citizens and the fact of his having been in poor health for some years is equally well known to many of his acquaintances. The testimony he bears to the success of the Doctor's treatment in his case is of no doubtful character and should add largely to the reputation of the latter as a physician

EYES TREATED

[From the Olympia Tribune]

This morning Dr Aborn performed a neat surgical operation upon the eyes of a lady from Seattle—Mrs Shoudy—who, we are informed has been nearly blind for ten years. By this operation and the Doctor's skillful treatment she will have her eyesight perfectly and permanently restored He also performed a similar operation upon Mr Barnes a resident of Tumwater with a like happy result.

What Ben Holladay Wants

[illegible] time he [illegible] are mee[illegible] He wants the [illegible] ters [illegible] worth [illegible] seven [illegible] $770 [illegible] from any [illegible] that Mr Holladay is trying to make [illegible] appear that the State must lo[illegible]. We are sure he has thought of nothing [illegible]. Such a scheme would be [illegible] because utterly [illegible] cable [illegible] would create obligations which the State [illegible] and would render any Legislature [illegible] any party infamous which should [illegible]. No subsidies will be voted by the Legislature at the coming session [illegible] that the State could vote to Mr Holladay could do him any real good. The State [illegible] no condition to vote [illegible] for long lines of railway even if the Legislature [illegible] constitutional power. Far worse would it be for the State to be oppressed with such [illegible] than to do without railroads, great [illegible] advantages are which railroads confer. So far our roads have been built on the credit of land grants. It is fair to presume that their construction will be continued on the same basis. The Salem paper first creates and then ministers to its own alarm. It says, further that "a movement is on foot at East Portland and Portland in which Holladay is the prime mover to remove the Capital from Salem to East Portland." This movement has not been heard of in this quarter where it is all held to be in progress. Multnomah county wants an appropriation voted to erect a Capitol at Salem. It would be impossible to remove the Capital from that place for the next twelve years [illegible] without first amending the Constitution. [illegible] is a common thing for Democratic papers to try to scare somebody by declaring that Holladay intends to do this or demand that. While we do not pretend to know what he means to do or demand we take it for granted that he will not demand or try to do utterly foolish or impossible things such as asking subsidies from the State or removing the Capital from Salem. These are things which ought not to be and will not be done no matter who might want them. The Legislature contains a Republican majority which is entirely independent and which we believe will legislate for the good of the State. The Republican press of the State will likewise look to the public interests. As a member of it the OREGONIAN would on no account support or countenance any scheme or schemes resembling those with which the Salem *Mercury* is tormenting its imagination.

How They Manufacture "Cheering News"

It requires no great brilliancy or fertility of invention to furnish specimens of "cheering news" after the manner of the Greeley organs. The *Herald* is "doing" the several counties of Oregon in their order and relates apochryphal stories of hosts of imaginary Republicans who are going for Greeley, Tammany and "reform." Some days ago that paper had cheering intelligence from Lane county where Republicans were going for Greeley with a rush. We have taken pains to inquire what truth there could be in the report, and find there is none. Men thoroughly acquainted throughout Lane county assure us that there are not more than four Republicans of the Greeley Tammany stripe in the county and they have been "sore heads" for years. Now the *Herald* comes with a statement that whole neighborhoods of Republicans in Yamhill county are wheeling into line for Greeley. Within the last three days we have seen numbers of men from different parts of Yamhill whose knowledge of the county is extensive and exact and they all declare that not a single Greeley Republican is known in Yamhill. Not one man in that county who has heretofore supported the candidates of the Republican party has declared for Greeley. An old bolter or two constitutes the whole Greeley party in Yamhill. The Oregon City *Enterprise* asserts that large numbers of Republicans in Clackamas will support Greeley and claims that county for him by one hundred majority. We have positive assurances from Clackamas Republicans that this statement is entirely unfounded. No Greeley Republicans are to be found in the county. On the other hand numbers of Democrats are known in all these counties who declare that they will *not* support Greeley. Throughout the whole State not one hundred men who voted Republican last June will vote the Greeley-Tammany ticket in November. Republicans of Oregon have too much judgment to be misled by such a combination sailing under the stolen name of "reform." No doubt most of the stories of defection from the Republican party in all the States are made up from materials similar to those from which these stories of defection in Oregon are produced.

On finance as on politics the *Herald's* ideas are by no means clear. It thinks that a man who brings currency to Oregon from the East loses on it because gold is the currency here. Now gold is the real standard of values both East and West. According to the *Herald's* reasoning if a man loses money by bringing currency here from the East he will make money by taking gold from here East and selling it. He can make just as much one way as he loses the other. [illegible] in his last paragraph [illegible] cannot resist saying that the Grant Administration has fixed [illegible] blighting curse [illegible] on our prosperity. It is to be regretted that he cannot resist saying what is so obviously incorrect. The Grant Administration [illegible] taking the Government found a depreciated currency which was the result of a war into which the Democratic party plunged the country. The value of that currency since Grant became President has been greatly improved. The premium on gold at the beginning of the war [illegible] times as great as it is now.

The New York *Tr*[illegible] [illegible] the other [illegible] November [illegible] Cons[illegible] [illegible] Thereupon Republican [illegible] names of voters that there is not a man in the town by the name of Livingston [illegible] a Greeley [illegible] There are not ten Greeley Republicans in the town at present and there will [illegible] November [illegible] [illegible]

Business in Politics

That the commercial interests of the country will oppose Mr Greeley may be [illegible] for the very sufficient reason that he [illegible] on financial matters which [illegible] of [illegible] and doubtless [illegible] how many [illegible] are of a nature that if [illegible] [illegible] Mr Greeley at the head of the Government with a man [illegible] at the head of the Treasury would [illegible] destroy public confidence and terrify capitalists [illegible] that there is no calculating the harm [illegible] might be done to the business interests of the country. The New York [illegible] alluding to the Baltimore Convention [illegible] said:

There is considerable talk in the street about the probable effect on stocks of the nomination of Mr Greeley at Baltimore and there is a disposition to sell stocks and buy gold in anticipation of it, the theory being that with his wild notions about financial and fiscal affairs he would as President have the power to and most likely would perhaps unwittingly create such disturbances as would make all business calculations as to the future next to impossible. Should he adopt when he had the power the policy he has recommended from time to time great financial disorder would undoubtedly ensue and it is felt that it would become every business man and banker to put his house in order for sudden and violent changes.

But Mr Greeley isn't elected President yet and it is really no compliment to the common sense of the country to suppose his election possible.

Stage travel on the road from Portland has been reduced to 28[illegible] miles. The distances by rail and stage are as follows:

Portland to Oakland (rail)	181 miles
Oakland to Redding (stage)	[illegible]
Redding to San Francisco (rail)	[illegible]
Total	[illegible] miles

Little is doing on the California end of the road. The San Francisco *Bulletin* erroneously states that work has been suspended on the Oregon end. This statement was doubtless taken from one of the diatribes of the *Herald* of this city. Work continues actively on the section between Oakland and Roseburg. The road will be completed to the latter point this year, reducing the gap twenty miles more.

In its editorial columns the *Herald* twists figures into various shapes to show that the reduction of the public debt during the last three years has been less than half what the Secretary's statements show it to have been. With more candor the commercial editor of that paper in the same issue presents the true figures. It is hard to say why the chief editor of a newspaper should be more wanting in conscience and candor than his subordinates.

The illustrious Amis [illegible] of Chinese pig tail fame writes to a litigant organ that he shall support Greeley. Duty which impelled him to go for the heathen Chinee's top knot now calls loudly on him to raise his voice for Chappaquackery—and when did Amis ever turn a deaf ear to duty?

The editor of the *Bulletin* has retired for some weeks. His recent efforts probably rendered this necessary. During his absence the *Bulletin* will be in hands that will pretty certainly improve its tone.

THE TERRITORIES

The reported killing of Wells and Goodwin by the Indians on the Malheur is a false report.

The *Courier* says the Epilobum Angustifolium quite numerous in Washington Territory. He means some kind of weed.

Judge McFadden, of Washington Territory has suddenly "flopped" from anti Greely Democracy to Liberal Republicanism.

The body of Timothy Dillon was found in White river and buried last Monday at Seattle. Dutch Harry who used to keep a ferry on Duwamish river burst a blood vessel which caused his death on Sunday the 14th inst. He was also buried on Monday.

Sitka had a big scare on the 1[illegible] of June. An Indian got angry with a white soldier for breaking an egg, and fired his gun after striking and being struck by the soldier. This roused the whole village, the fort and the cutter, which were all instantly put in hostile condition, with guns pointed at the Indian village. After a day or two the Indians hoisted a white flag and sent off the offender and so ended this difficulty.

The Olympia *Tribune* has the following:

Governor Salomon has been for some time in communication with a Swedish gentleman who served under him during our late civil war as captain and who is now in Stockholm Sweden. This gentleman is now making arrangements to bring a large number of his countrymen to the Pacific coast. They have applied to the Governor for information concerning the Puget Sound country and this he has promptly furnished. Letters received lately from Sweden convey the gratifying intelligence that the gentleman referred to Captain Lindberg will soon leave that country with two hundred and fifty families for Puget Sound.

Our Late Party

The Eugene *Guard* persists in its refusal to support Greeley. In its issue of Saturday last it has these observations:

It is a time when every man must exercise his own judgment. To a certain extent our late party has ceased to exist. At the Baltimore Convention the cowardly cravens in command [illegible] to their [illegible] for [illegible] single gun had been fired. We are an army without a general a headless trunk an elephant [illegible] going to be swallowed by a louse. Do what you conceive to be right let the consequences be what they may. Every vote given by a Democrat to a Republican candidate is a nail in the coffin of our party. If it is thus instead of the Republican party that has outlived its usefulness let us not have a charity funeral. Let the corpse be laid to rest with that respect due to venerable old age.

In another column the *Guard* adds:

We venture the assertion that not one of our readers has heard the remark "the Democratic party in Oregon is behind the times." The party in the East accepts this or that and fully indorse it. This is nonsense. The rank and file—the honest masses of our party everywhere believe as do the Democrats of Oregon. The late war threw the control of the party into the hands of corrupt political tricksters harlots who are endeavoring to use it as Grant and his camp followers are using the Radical party. Whether they will succeed in bagging the game is a question to be answered by time.

One Thomas Harber said to be a deserter from Fort Klamath has been held to answer on a charge of larceny in a dwelling house at Jacksonville.

The Coos Bay road from Roseburg has been opened to the public and is being extensively traveled many persons taking that route on a pleasure trip to the sounding sea.

The Superintendent of Common Schools in Umatilla county reports as follows: Number of scholars over 4 and under 20 1 06[illegible]; male scholars 552; female [illegible]16; average daily attendance 102; salary of teachers average from $50 to $[illegible]0 per month.

The Eugene *Journal* says: "Large quantities of hay are being put up in Lane county but a good deal of it at a loss as farmers are mowing their wheat and oats for hay which is too light and short to raise grain. Good hay is being sold at Eugene for $10 a ton."

From the *Mercury*: B A Bayley Superintendent of Schools for Tillamook county has filed his annual report for the schools of Tillamook for the year ending April 1st 18[illegible]2 in the executive office: Number of districts 4; legal voters 169; scholars over 4 and under 20 20[illegible]; male scholars 96; female 105; quarters taught 3; total amount of tax levied $55[illegible].

The Jacksonville *Times* says that J D Fou[illegible]dray last Friday reached Jacksonville with two horse thieves named Charles Wilson and Thomas J Allen who were arrested in Shasta county California. Mr Foudray also found eight head of the horses stolen by these men which had been sold by them. The parties are supposed to be at the head of a band of horse thieves which has infested Jackson county for some time.

"W[illegible] was [illegible] [illegible] death" asked a teacher in a commanding voice. "Joshua knows" said a little girl at the bottom of the class. "Well" said the teacher "if Joshua knows he may tell." "In the first" replied Joshua looking very grave and wise.

Dr Osgood William Cullen Bryant Henry Ward Beecher and other prominent men have issued a circular suggesting that ladies who have enjoyed benefits derived from the sewing machine should each contribute one dollar toward the erection of a monument in Central Park to the memory of Elias Howe Jr.

The editor of the Oconto Wis *[illegible]* is under arrest for non payment of a $3[illegible] judgment in a libel suit. The Sheriff allows him the limits of one mile from the jail so he only goes to the jail to get his meals and that at the expense of the plaintiff. A Wisconsin paper says: "Jo rather seems to like his situation and gives the sheriff a puff for the quality of his table."

Rev J W Bryant of Sommerville writes to the *California* [illegible] [illegible] the voting [illegible] of June 12th the ladies of the town gave a strawberry and ice cream festival for the benefit of the Methodist Episcopal Church and without grab bags, ring cakes [illegible] any other species of gambling they cleared $1[illegible] returning to their homes satisfied that every dollar had been made honestly.

The deaths in San Francisco seldom ever exceed sixty five in any one week while the average mortality rate is from fifty to fifty five per week in a population of 1[illegible] or a fraction over seven per day. In Chicago which has less than double the population the deaths in one week [illegible] the 4th of July caused chiefly by diseases arising from the excessive heat amounted to two hundred and sixty eight or thirty eight per day. The deaths at Chicago that [illegible] were more than six times as many as those of San Francisco for the corresponding week.

MONDAY MORNING JULY 22 1872

CITY.

MARRIED — The ... morning and ... quiet ... town ... Portland was unusually ... yesterday morning some ... a marriage Not that there is any thing so very strange or ... about the simple event but it was on account of the ... of the ceremony A young couple of ... and 19 years respectively ... the called such—presented themselves at the office of a magistrate residing not more than a thousand miles from the heart of that thriving little community and desired the ... after the most approved style In honor of the event the groom and bridegroom had imbibed rather heavily of mountain dew and were of course hilarious The blushing bride looked gay and festive but just pensive and modest enough to impart an air of solemnity to the scene Now be it understood that notwithstanding the magistrate was reclining on the sunny side of sixty was gray as a badger and moreover had served—his country in every capacity from Justice of the Peace down to the lowest office, he had never yet performed the sacred solemn ceremony of making one person out of two He was completely obfusticated by the sudden appearance of the twain and by their no less sudden demand to be spliced The old fellow had no other alternative left but to "stand and deliver." He examined with a trembling hand and fluttering heart their credentials found them all "hunky." Meantime it had been noised extensively around that a marriage—a clandestine one in the bargain—was on the tapis, and a crowd rushed to the office to witness the ceremony. They found the two candidates with their two supporters, out in the middle of the floor, awaiting with seemingly great impatience the dilatory action of the master of ceremonies That bewildered individual was fumbling over the ... looking vainly for the "form" and brushing the cobwebs from his eyes which age and the existing mental excitement caused to spread over them The crisis came Time for action had arrived which the Justice perceived by a sort of stifled groan that escaped the lips of the groom and a triumphant toss of the bride's head and a stamp from her brogan Casting the statutes aside so that the book fell to the floor with a dull thud he straightened himself up looked as solemn as the occasion required and said, in a voice strange and sepulchral "Young people, this ere s a solemn time and 'cordin to this here law (here he pointed his bony finger at the statutes on the floor) you are required to state to this Court—beg pardon, to me—your respective ages." This was a stunner Groom looked at bride, bride cast a glance at groom and both stared a vacant stare at the magistrate but spoke not a word A profound silence followed broken only by a subdued "snicker" from the crowd and the ticking of the old clock Magistrate proceeded "Mr S, are you willin this woman shall be your lawful wife eh?" "I am" said S. "Miss H are you willin to call this man your husband, eh?" A blush, a downcast rather sheepish look, a faint simper and a fainter "Yes, sir," was all that the person addressed could venture Magistrate continued "Then in the name of the State of Oregon, and by virtue of the authority vested in me as Justice of the Peace for this county I pronounce you two one and may you both live long and be happy This was the hair which broke the camel's back The crowd fairly roared the magistrate scratched his head, looked puzzled, and the newly married couple beat a retreat looking as innocent and radiant as the Babes in the Wood

SAILING PERILS —Who will be so rash as to say that there are no 'perils attending a quiet sail on the bosom of even such a placid dispositioned stream as the Willamette If there be such an individual he had only to witness the struggles and perils of a sailing party opposite the city yesterday to correct all his preconceived notions on that subject A party of four persons procured a neat little craft, and started down the river Now the winds were adverse in that they blew up stream, and the party desired to move in a contrary direction Worse than this the party were novices in the art of navigation They were ignorant of the first nautical principles They wished to move northward, and the winds came whistling from that course. How to make a boat in full sail go against the wind, was a trick which overcame them worse than any summer's cloud could "What they knew about sailing, wasn't worth a cent They tacked and retacked, and then for a change tacked again and perhaps, for all we know, "clewed up their jib-boom, besides taking sundry reefs on their hatch way In despair they ported their helm and stood with prow to the gales It was useless the craft stubbornly refused to "budge a peg," but yielding to the impulse of the stiff zephyr swung round in double quick time, nearly capsized and gave the party a dreadful fright Visions of dead floating corpses, grappling hooks, mourning friends and relatives besides a little squint to that ... known which shook even the moody Hamlet's courage, filled their minds and souls with a vivid ... not the most pleasant "Let's go ashore was the unanimous chorus Aye, there was the "rub," that was easy said, but how was it to be accomplished? Oars they had none The sails were filled, it was true but the craft was rolling and tumbling and threatening to "swamp every moment The dreadful crisis was at hand, and not one of the party could swim A watery grave which they had all read so much about had passed beyond a joke and now stared them in the countenance Suddenly a bright idea struck one fellow. "Let's take down the sails he cried, we can do that" In a trice down went the canvas and the salvation of the party was accomplished But they were not ashore yet The craft drifted about over the bosom of the currentless river for about three long mortal hours when some good natured soul perceiving the situation, came to their rescue and towed the boat to the shore Owing to the great presence of mind in taking in sail, we were spared the agony of writing an item under the caption "Wrecked on the Wal amet"

ASTORIA ITEMS —Under date of the 19th inst our special Astoria correspondent sends the following

The town Council has passed an ordinance to have Main street put through to the city limit and the persons owning the five-acre lots beyond have agreed to continue the road to the shore of Young's Bay which is about one mile and an eighth from Holladay's wharf at the foot of Main street The summit of the hill is about 300 feet above high tide mark The slope from the summit to Young's Bay is gentle and the landscape is of unsurpassed beauty

A number of good buildings are being erected in the town and considerable enterprise is manifest in the improvement of streets

Several valuable cows have died from eating "fox glove," (digitalis) a poisonous plant, sometimes grown for ornament in the garden The city has passed an ordinance imposing a fine of $50 upon any person who may throw these plants into the public streets A reader of the ... having addressed the Sage ... in regard to the best mode of de... ng the foxglove received in reply Cut off the fingers of the gloves and ... this do ... cause the foxes to ... grown upon land ... and ... soiled

The brig ... is ... at Cementville and will ... ready for sea on Monday

The steam tug ... will ... of the newly appointed Washington Territory pilots

The schooner ... for many years the pilot boat on the bar is being overhauled and repaired

Capt J W White of the revenue service is building a fine residence on Astoria Hill

Greeley's ... below ... Clatsop Some of the Democrats are trying to swallow him while he is utterly ... I cannot hear of a single republican who will support him

The ... brought down ... lots of people with fourteen trunks ... all bound for Clatsop beach

The little steamer ... Capt Gray makes regular trips to Cape Disappointment ... and Cementville ... she brought a party of Vancouver ladies and gentlemen who have been sojourning at Shoalwater Bay

ON THE THERMOMETER —During the heated term, which ... a ... weather ... three ... been abruptly terminated ... subjected with which ... invented the thermometer Of all persons ... justly ... man kind Now ... the year we worry and fret ... thermometer ... low the other ... and for the rest of the year be ... we can tell whether it's going to be one way ... The trouble of all this is with the man who invented the instrument If he had made ... from forty to seventy degrees we should never have been troubled by its being below zero or above blood heat For now that the thing is invented there is no ... in cutting ... people will persist in keeping whole ones and telling you that it's 94 in the shade How it makes one's blood fairly boil! It would be a great blessing if some humane soul would organize a Society for the Prevention of Thermometers to Animals But if we had no thermometers we should have no ice water because one don't freeze—no water—except the thermometer is below freezing point and how could it go below zero if there wasn't any zero Like every thing else in natural life here are two ... rather ends to the thermometer Unfortunately just ... happen to ... at the upper end of the instrument and must necessarily keep ... down ... winter shall come ... compelled to steam up to ... and not lose our good nature or ... The ... is the true cause of all our weather ... and ought to be abolished

UNITY ARREST —Last week we published an account of the stage robbery which occurred between Canyon City and the Dalles by three men in disguise By parties from the latter place we learn that three men have since been arrested on suspicion and are now lodged in jail at the Dalles Subsequent to the robbery it appears that a man named Moppin got an inkling of the affair and tracked the matter to a satisfactory result The authorities were placed in possession of the intelligence and Sheriff Schutz forthwith arrested one of the supposed robbers named Frank Thompkins There was some difficulty in tracking out the other two men who were accessory Aided by Sheriff Williams of Columbia county and the man Moppin Schutz soon succeeded in tracing them out and also arrested them The names of the two last persons we were unable to ascertain The three are now lodged in the county jail and will probably be brought to this city for trial this evening These men are reported to support bad reputations having been a source of terror and trouble to those who have resided near them They live on a small stream called Muddy Thompkins is a man of notorious bad character having recently been acquitted on a charge of murder, and has been convicted of several minor offenses These persons will soon have the opportunity of proving to the satisfaction of twelve men their guilt or innocence of the grave offense of which they are so strongly suspicioned

SPORTSMAN'S CLUB —At a meeting of gentlemen assembled for the purpose of securing the passage of a game law by the next Legislative Assembly A B Hallock Esq was chosen Chairman and Ben L Norden Secretary

A committee of four was appointed to draft a Constitution and By Laws for the government of the association consisting of Messrs J C Work Theodore Burmester O Kilbourn and H T Bingham

A committee of seven was appointed by the Chair to draft a game law to be submitted to the next Legislative Assembly, and to be presented to the meeting on next Saturday evening The following gentlemen were appointed J F Caples C B Bellinger, C A Ball, J H Hagan A J Marshall, George F Greene, Theodore Burmester

Oscar Kilbourn was appointed a committee to solicit subscribers to the object of the association

The secretary was instructed to furnish a copy of these proceedings to the OREGONIAN *Bulletin* and *Herald*, and further, to respectfully ask the united efforts of the press in furtherance of the object of the association

On motion adjourned until Saturday evening, July 27th, at 8 o clock, at the Police Court room

GAMBLING —Many of the journals east in the large cities are agitating the subject of gambling and many good citizens are appealing to the authorities to have the gambling establishments broken up This reminds us that gambling seems to be a recognized avocation in this city, which the legal authorities do not see proper to meddle with, although it is certainly under the discountenance of the law Men testify boldly in the inferior Courts of law that their vocation is gambling and their places of business are well known and yet they flourish uninterrupted and unmolested and are doubtless in some instances frequented by the very men whose duty it is to suppress them These things ought not so to be Is public opinion utterly debauched on this subject, so important to the suppression of crime and the inculcation of morality among our youth?

ON THE WAY —The steamer *Ajax* which sailed from San Francisco last Saturday brings the following passengers for Portland Hon H W Corbett and family, W W Freeman and wife, Sam Lowenstein, E Berthol, Emil Bories, D McCarty W Burnell and wife, Rev L L Noble J O Thompson, J H Ryans, Geo T Myers, E R Thompson, Allen Kenny, Mrs C S Clarke and two children, N A Newbills and family, G Goulter and wife, Miss M Billogran, Thos Pollock, W T Clark, Miss A Montgomery J C Van Rensselaer and wife, W F Thompson, Dr C G Douglass, D B Huntly, A S Pease, C E Noble, B Wilson, Dr J B White, P B Simmons, J Turner, Col C H Roberts, Geo Southerland Mrs R Vred, H Robert and family, Wm Murger and family A P Riley and family, Miss M A Isalee, J Waddington J Blacklock and family

OVERBOARD —A number of boys were out yesterday evening in two small row boats near the ferry landing opposite Stark street One urchin for his reckless actions tumbled into the water Several persons standing on the shore were in the act of starting to rescue him when they perceived that he could swim like a beaver The boat out of which he fell was backed by his companions and the boy drawn in after a ... rough ... ing The event caused a momentary excitement which soon subsided when it was seen that the youngster was safe

AMUSEMENTS

LECTURE —By reference to the advertising columns it will be seen that Mr Stephen Maybell the poet laborer of Portland, proposes to deliver a lecture interspersed with readings, at the new Masonic Hall on Friday evening, the 26th inst The subject of the lecture will be "What is Earth and whence came it?" We would bespeak for Mr Maybell a full house This gentleman it will be recollected, was the Poet of the Day on the celebration of the Fourth in this city His poem entitled "Columbia" was a very meritorious effort and was highly complimented by many persons including several competent literary critics He has also written a number of poems which are far superior in point of merit to many productions emanating from more pretentious sources Those which have been published have the real stamp of originality and genius Mr M is not possessed of the advantages which polished and elaborate education imparts Being a laboring man one can readily appreciate the talent he has developed for poetry He is a natural child of the Muse and his poetry seems to possess all the wild warm fervor of a soul brimful of song The flow is natural and easy with an entire absence of straining after effect or word fitting We speak thus warmly for Mr Maybell because he has not met that measure of encouragement which should be accorded to struggling genius and true merit He needs assistance, being born, like all poets with poverty for a heritage and we have no doubt will receive it in a liberal share from a Portland audience

WHAT IS NEEDED —At the meeting held at the Police Court room on Saturday evening to organize a society and to have game laws passed the following agreement was entered into "We the undersigned hereby mutually agree each with the other to organize ourselves into an organization the object of which shall be to foster and protect all kinds of game and for such other purposes as may be conducive to the interests of all the lovers of hunting and fishing within the State of Oregon and to do and perform all that may be necessary to accomplish these ends" The agreement was signed by thirty one of our prominent citizen sportsmen

STILL ON HAND —The great law suit now in progress in the Circuit Court of F O McCown et al vs D B Hannah et al will probably consume the most of the present week In consequence of this Judge Upton will not try the contested election cases in Clackamas county which were set for hearing at Oregon City this morning

MEETING —The members of the Hibernian Benevolent Society are requested to meet at their hall this evening, at 8 o clock to make arrangements for the funeral obsequies of their late brother John Sullivan, who died near East Portland on Saturday evening

CRIMINAL CASES —As there are several criminal cases on the docket in the Circuit Court yet untried they will probably be taken up next week on the conclusion of the present important real estate case now in progress

A Modern Eve.

WOMEN GAMBLERS AT MONACO, THE GAMBLING CENTER OF SOUTHERN EUROPE.

A New York *World* correspondent writing of Monaco, a noted gambling place on the Mediterranean says:

Among the curiosity-seekers are many women, escorted about in the arms of friends, and apparently looking on for a time with sentiments of disgust. But literally it is here, and with these women, "only the first step that costs;" for the next night back again, and these same women will be found at the same table, installed, perhaps, between a servant discharged from one of the hotels and a miserable fellow wrangling about his bets.

Everybody, in sooth, seems in time to fall stricken with a mad frenzy for play—the old as well as the young—and fools appear no more liable to it than those reputed for sagacity. We have seen succumb finally to it even men who, tranquil and confident of their own self-command, were full of compassion for the madness of others.

About 11 o'clock a bell is heard, and a crowd rush tumultuously toward the military station. But for some time later the place is still thronged with people, including those poor unfortunates who, having lost their all, are unable to get away, and have no other lodging places but the gardens—professional gamblers, pawnbrokers, faded *filles dejoue* and those other nameless creatures that grow in the shade of a gambling house like toad-stools on a muck-heap. These, however, gradually slink away to their several dens and lurking places, the music is hushed, and all the lights are extinguished except of the fire-flies among the feathery leaves of the palm trees.

All this is repeated night after night. The scene is ever the same, with unchanging decorations; the catastrophe never varies materially, only the mad actors are shifted.

Those who knew the Corniche in former years, when all these little towns had their peculiar, indescribable grace and charm, although, indeed, Monaco was the gem of all, would now see that delightful individuality, for the railway and central licensed [illegible] here at Monaco have made them suburbs of this place.

Of course, the bank, like all other gambling banks, as a rule wins, though now and then the fickle goddess allows the light of her countenance to fall upon some of the outside gamblers, and then there is much excitement, and not unfrequently a regular scene. The other day four American sharpers succeeded in getting in a heavy turn on the bank. The croupiers accused the lucky parties of having begun the game with counterfeit bank notes, and on that ground refused to pay them the last stakes, amounting to upwards of $40,000; whereupon the Yankees drew their revolvers and took forcible possession of the money. As there is no police in Monaco, they were not molested any further, and consequently went on their way rejoicing.

Kidnapping a Girl.—The Corinne (Utah) *Reporter* of July 9th, gives these facts of the outrageous kidnapping of a young girl from that place:

One Martha Reese, from the suburbs of hell, Brigham City, some weeks since, sought and obtained employment in Lipson's glove factory on Montana street, and has been working there for the purpose of supporting herself in decency and assisting her aged mother, who is a first wife of the girl's father, but long since abandoned as "played out," to use the favorite though disgusting excuse of polygamy. Old Mrs. Reese does not reside at Brigham City, but in her closing years is permitted to enjoy life as best she may, down on the bottom herding cattle, and otherwise eking out a miserable existence. Was it agreeable to Church doctrines that the daughter should continue to help the poor old mother out of Gentile earnings? It appears not; for on yesterday one of the girl's brothers induced her to leave the shop and her work, and accompany him across the river. Once over and beyond the protection of the law, young Reese informed his sister that she was required at Brigham City. To this the girl made objection, and insisted on being permitted to come back to her employment, which, of course, was now out of the question. The "high council" had issued its decree, and Martha must be added to the miserable victims, if possible. She resisted, to the extent of her strength, all efforts to take her away, but brute force was mightier than the entreaties and weakness of the girl. With one blow of a ponderous bludgeon, the brother nearly cleft Miss Reese's head in twain, and then the task of removal was an easy one. Aided by other ruffians, she was firmly tied to prevent escape, but that now was unnecessary, as the unhappy captive lay bleeding and bruised in the wagon into which they violently threw her. While the struggle was going on, old Mrs. Reese, the discarded wife, arrived on the scene, and when she remonstrated against the conduct of her son, that unnatural monster threatened her with worse treatment than that which he had just administered to his sister! In fine, the girl was borne off in brutal triumph to our county seat, there to be disposed of as the scoundrels, who call themselves priests, may decide. Poor girl! her future is that of thousands in Utah, for whom the laws of this great nation have no care—no protecting hand. In the name of that monstrous barbarism, whose every act is synonymous with evil, this unoffending young woman is kidnapped in the broad light of day; and what is to become of her? Let the dark echoes of that charnel house of virtue—Mormonism—answer.

Hard Points.—A Republican exchange published in Illinois put up the following:

Ex-Governor Swan, of Maryland, says of Greeley: "For his future there is every reason to believe that his administration would secure everything that could be asked for by Democrats." Democrats ask for three things: 1. That the thirteenth, fourteenth and fifteenth amendments be repealed or nullified; 2. That the South shall be reimbursed for the value of the emancipated slaves; 3. That the Confederate debt shall be assumed by the nation. These modest requests are made as "one sweet morsel of revenge" by the Southern wing of the Democratic party. The Southern wing of the Democratic party always controls its policy. The Democracy propose to support Greeley, and ex-Governor Swann looks hopefully upon the future as promising to realize the three things that rebels sigh for—the Constitution as it was, money for slaves, and money for the worthless shinplasters of the defunct Confederacy. Greeley's election would render all these things possible, according to Governor Swann.

Poisoning an Actor for His Money.—The Jackson *Citizen* says that Mr. Kendall, agent of McKean Buchanan, reports that previous to his death he gave Mr. Buchanan some ten thousand dollars in Government bonds, but that upon his death, which was very sudden, only five hundred dollars could be found—the remainder having mysteriously disappeared, without a trace of its whereabouts. Miss McKean was very avaricious and ambitious, and is reported to have said that no man's life should stand between her and her advancement in wealth as well as position. Suspicious circumstances transpired in addition to the mysterious disappearance of his money, led Mr. Buchanan's friends to believe that he had been poisoned, and by Miss McKean. Buchanan's daughter, Mr. Kendall says, has caused her father's body to be disinterred for the purpose of a chemical analysis, and if the suspicions prove true, Miss McKean will be arrested.

Quoting History.—We notice that the editor of a Republican paper in North Carolina thinks it very "funny to see the recent Secessionists and slave-owners throwing up their hats for Greeley." His mirth is increased by the fact that only a short time since these very applauders would have considered that they were doing God and the South a service to tar and feather the aforesaid Greeley and now Democratic candidate for President, and he quotes, in verification, a law that was passed by them making the second offense for circulating a paper like the "New York *Tribune*" within the old North State punishable with death.

The steamer *Gussie Telfair* sailed this evening for Victoria and Sound ports, with quantities of freight as follows: 1,444 qr sks flour, 520 hf sks; 2 kegs butter, 91 sks middlings, 5 cs bacon, 31 kegs dried apples, 5 bales oatmeal, 47 sks chop feed, 4 bbl corn pails, 9 pkgs goods, 1 bale drawers, 4 pkgs starch, 5 boxes starch.

The entire tonnage of the North Pacific Transportation Company is being registered and enrolled in this District. This will augment the shipping of the District by several thousand tons.

The deposits of bullion at the United States Mint and its branches for the fiscal year ending June 30, 1871, were as follows: Gold, $37,054,932 26; silver, $5,975,252 54; making a total of $43,030,184 80. The coinage during the same period was $40,187,409 80.

Receipts of the Government from internal revenue for the fiscal year ending June 30, 1872, were $131,327,214 16, against $144,007,433 48 for the year next preceding. The basis of internal revenue taxation was very largely reduced by the act of Congress passed July 14, 1870, and this explains the diminished revenue during the last year. It is, however, a significant fact that during the last six months of this year the revenue was larger than during the corresponding period of the previous year. It has been again reduced by the recent act of Congress.

John J. Valentine, General Superintendent of the Bullion Department of Wells, Fargo & Co's Express Company, has sent the San Francisco *Bulletin* the following statement of precious metals produced in the Pacific States and Territories for the six months ending June 30, 1872:

NATIONAL REPUBLICAN PLATFORM

ADOPTED BY THE REPUBLICAN PARTY IN CONVENTION AT PHILADELPHIA, JUNE 6, 1872.

The Republican Party of the United States assembled in National Convention in the city of Philadelphia on the 5th and 6th days of June, 1872, again declares its faith, appeals to its history, and announces its position upon the questions before the country:

1. During the eleven years of its supremacy it has accepted with grand courage the solemn duties of the time, has suppressed a gigantic rebellion, emancipated four millions of slaves, decreed the equal citizenship of all and established universal suffrage. Exhibiting unparalleled magnanimity, it criminally punished no man for political offenses and has warmly welcomed all who proved their loyalty by obeying the laws and dealing justly with their neighbors. It has steadily decreased, with firm hand, the resultant disorders of a great war, and initiated a wise policy toward the Indians. The Pacific Railroad and similar vast enterprises have been generously aided and successfully conducted to completion, the public lands have been freely given to actual settlers, immigration has been protected and encouraged, and a full acknowledgment of the rights of naturalized citizens secured from European powers. In the form of National currency, it has provided for the National credit, and sustained it under the most extraordinary burdens. It has negotiated new bonds at lower rates of interest. The revenues have been carefully collected and honestly applied. Despite the annual large reductions from the rate of taxation, the public debt has been reduced during U. S. Grant's Presidency at the rate of $100,000,000 per year. A great financial crisis has been averted, and peace and plenty prevail throughout the land. Menacing foreign difficulties have been peacefully and honorably compromised, and the honor and power of the Nation kept in a high position throughout the world. This glorious record of the past is the party's best pledge for the future, and we believe that the people will not entrust the government to any party or combination of men, composed of those who chiefly have resisted every step in this beneficial progress.

2. Complete liberty and exact equality in the enjoyment of all civil, political and public rights should be established and effectually maintained throughout the Union by efficient and appropriate State and Federal legislation. Neither law nor its administration should admit of any discrimination in respect to citizens by reason of race, creed, color, or previous condition of servitude.

3. The recent amendments to the National Constitution should be cordially sustained because they are right, not merely tolerated because they are law, and should be carried out according to their spirit by appropriate legislation, the enforcement of which can be safely trusted only to the party that secured the amendments.

4. The National Government seeks to maintain an honorable peace with all nations, protecting its citizens everywhere, and sympathizing with all people who strive for greater liberty.

5. Any system of civil service under which the subordinate positions of the Government are considered rewards for mere party zeal, is fatally demoralizing, and we therefore favor a reform of the system, by a law which shall abolish the evils of patronage and make honesty, efficiency and fidelity the essential qualifications for public position, without practically creating a lifetenure of office.

6. We are opposed to further grants of public lands to corporations and monopolists, and demand that the National domain be set apart for free settlement by the people.

7. The annual revenue, after paying current debts, should furnish a moderate balance for the reduction of the principal of the public debt, and except so much as may be derived from a tax on tobacco and liquors, be raised by duties on importations, which should be adjusted to aid in securing remunerative wages to laborers, and to promote the industries and growth and prosperity of the whole country.

8. We hold in undying honor the soldiers and sailors whose valor saved the Union. Their pensions are a sacred debt of the nation, and the widows and orphans of those who died for the country are entitled to the care of a generous and grateful people. We favor such additional legislation as will extend the bounty of the Government to all our soldiers and sailors who were honorably discharged, and who in the line of duty became disabled, without regard to length of service or the cause of such discharge.

9. The doctrine of Great Britain and other European powers concerning allegiance, once a subject always a subject, having at last, through the efforts of the Republican party, been abandoned, and the American idea of the right of an individual to transfer his allegiance having been accepted by European nations, it is the duty of our Government to guard with jealous care the rights of adopted citizens against the assumption of unauthorized claims by their former Government, and we urge a continued and careful encouragement and protection to voluntary emigration.

10. The franking privilege ought to be abolished and a way proposed for reductions in the rates of postage.

11. Among the questions which press for attention is that which concerns the relations of capital and labor, and the Republican party recognize the duty of shaping legislation so as to secure a full protection and ample field for capital, and for labor which creates capital, the largest opportunities and a just share of the mutual profits of these two great servants of civilization.

12. We hold that Congress and the President have only fulfilled an important duty in their measures for the suppression of violent and treasonable organizations in certain lately rebellious regions and for the protection of the ballot, and therefore they are entitled to the thanks of the Nation.

13. We denounce the repudiation of public debts, in any form or disguise, as a national crime. We witness with pride the reduction of the principal of that debt, and of the rates of interest upon the balance, and confidently expect that our excellent national currency will be perfected by a speedy resumption to specie payment.

14. The Republican party is mindful of its obligations to the loyal women of America for their noble devotion to the cause of freedom, their application for admission to further usefulness is received with satisfaction; and the honest demands of any class of citizens for additional rights should be treated with respectful consideration.

15. We heartily approve of the action of Congress in granting amnesty to those engaged in the rebellion, and rejoice in the growth of peace and fraternal feeling throughout the land.

16. The Republican party proposes to respect all rights reserved by the people to themselves, as carefully as the powers delegated by them to the State and Territorial governments. It disapproves of asserting constitutional laws for the purpose of removing evils by the interference with rights not surrendered by the people to either the State or National Government.

17. It is the duty of the General Government to adopt such measures as will tend to encourage American commerce and ship building.

18. We believe that the modest patriotism, the earnest purpose, sound judgment, practical wisdom, incorruptible integrity and illustrious services of U. S. Grant have commended him to the heart of the American people, and with him at our head we start to-day on a new march to victory.

ADVERTISING

Has created many a new business,
Has enlarged many an old business,
Has revived many a dull business,
Has rescued many a lost business,
Has saved many a failing business,
Has preserved many a large business,
And secures success in any business.

Girard's Secret.—Stephen Girard used to say in his old age: "I have always considered advertising liberally and long to be the great medium of success in business and the prelude to wealth. And I have made it an invariable rule to advertise in dull times as well as the busiest; long experience having taught me that money thus spent is well laid out, as by continually keeping my business before the public it has secured many sales that I otherwise would have lost."

ADVERTISE YOUR BUSINESS.
KEEP YOUR NAME BEFORE THE PUBLIC.
JUDICIOUS ADVERTISING INSURES A FORTUNE.
IF BUSINESS IS DULL, ADVERTISE.
IF BUSINESS IS BRISK, ADVERTISE.

The man who don't believe in advertising has gone into partnership with the sheriff, or is that chap that dare'nt advertise.

TO THE UNFORTUNATE.
NEW REMEDIES, NEW REMEDIES
Dr. Gibbon's Dispensary,
623 KEARNEY STREET, NEAR COMMERCIAL,
San Francisco. Established in 1854, for the treatment of Sexual and Seminal Diseases, such as Gonorrhea, Gleet, Stricture, Syphilis in all its forms, Seminal Weakness, Impotency, etc. Skin Diseases of years standing and Ulcerated Legs successfully treated.

DR. GIBBON has the pleasure of announcing that he has returned from visiting the principal Hospitals of Europe, and has resumed practice at his Dispensary, 623 Kearny street, corner of Commercial, San Francisco, where his old patients and those requiring his services may find him.

The Doctor has spared neither time nor money in seeking out new remedies, and has returned with increased facilities for the alleviation of human suffering.

Horrible Diseases.

How many thousands of persons, both male and female, are there who are suffering out a miserable existence from the effects of secret indulgences, or from virus absorbed into the system! Look at their pallid, emaciated and disfigured faces and their broken down constitutions, disqualifying them for the happiness of marriage or the enjoyment of life. In this horrid situation thousands suffer until death closes the scene. Let parents, guardians, friends, attend to those who are suffering with any of these horrible, life-destroying maladies, see that they are cured and cured before it be too late. Send them immediately to DR. GIBBON, a physician who has made private diseases his especial study for years, and who is certain to cure the most inveterate case, without mercury or any injurious drugs. It is important to those who are afflicted, or to those who are interested in the welfare of their friends, to be careful of the many pretended doctors who infest all cities, publishing their skill in curing all diseases in a few days, imposing upon the public by using the names of eminent physicians from Europe and other places. Be therefore careful and make strict inquiry, or you may fall into the hands of those charlatans.

Seminal Weakness.

Seminal Emissions, the consequence of self-abuse. This solitary vice, or depraved sexual indulgence, is practiced by the youth of both sexes to an almost unlimited extent, producing with unerring certainty, the following train of morbid symptoms, unless combatted by scientific medical measures, viz: Sallow countenance, dark spots under the eyes, pain in the head, ringing in the ears, noise like the rustling of leaves and rattling of chariots, uneasiness about the loins, weakness of the limbs, confused vision, blunted intellect, loss of confidence, diffidence in approaching strangers, a dislike to form new acquaintances, disposition to shun society, loss of memory, hectic flushes, pimples and various eruptions about the face, furred tongue, feted breath, coughs, consumption, night sweats, monomania and frequent insanity. If relief be not obtained, should apply immediately, either in person or by letter, and have a cure effected by his new and scientific mode of treating this disease, which never fails of effecting a quick and radical cure. Dr. G. will give One Hundred Dollars to any person who will prove satisfactorily to him that he was cured of this complaint by either of the San Francisco quacks.

MARRIED MEN.

Or those who contemplate marriage, who are suffering under any of these fearful maladies, should not forget the sacred responsibility resting upon them nor delay to obtain immediate relief.

DOCTOR GIBBON is responsible, and will give to each patient a written instrument, binding himself to effect a radical and permanent cure, or make no charge.

CURED AT HOME.

Persons at a distance may be CURED AT HOME, by addressing a letter to Dr. Gibbon, stating case, symptoms, length of time the disease has continued, and have medicines promptly forwarded, free from damage and curiosity, to any part of the country, with full and plain directions. By inclosing Ten Dollars coin, in registered letter through the Postoffice or through Wells, Fargo & Co., a package of medicine will be forwarded to any part of the Union.

All communications strictly confidential.

Caution to the Unfortunate.

Beware of the San Francisco quacks and pretenders, who, with bogus sworn-to certificates, dupe the unwary. Some of the self-styled doctors, whose names are to be found in the daily and weekly newspapers of San Francisco and other places, are tradesmen and became too lazy too work at their trades. Some are tinsmiths, shoemakers, newspaper carriers, intelligence office keepers, etc. The only way to avoid imposition is to make inquiry—it will cost you nothing, and may save you many regrets; for, as advertising physicians in eight cases out of ten are bogus, there is no safety in trusting any of them until you know who and what they are. Dr. Gibbon does not deceive people by exhibiting bogus titles, certificates, pretended patients' letters, etc. Dr. Gibbon will satisfy persons who may call at his offices of his ability to treat diseases that he proposes to cure.

Address DR. J. F. GIBBON, 623 Kearney street, corner Commercial, San Francisco, Post Office Box 1,957.

REMEMBER TO PUT BOX 1,957 ON THE LETTER.

Consultations FREE.

Correspondents will please inform DR. GIBBON that they read his advertisement in the *Daily Oreg*.
